

Disclaimer

Importing, stocking and supplying hemp seed is not subject to regulation in pursuance of the 1961 Single Convention on Narcotics. In countries such as the Netherlands, freedom to trade in hemp seed is clearly incorporated in the national Opium or Narcotics Act legislation.

Warning

We send our seeds exclusively to destinations within Europe except Germany. We cannot return any payments, of whatever type, made from Germany, or countries outside Europe!

Unfortunately, regulation and implementation in respect of hemp seed often differ from country to country. For this reason we advise you as a matter of urgency to make inquiries about the regulations to which you are subject.

Sometimes exception can be obtained for industrial, medicinal and agricultural applications. In a number of countries trading in seeds does not require a permit. However, a notification requirement is sometimes imposed in the event that hemp seed is exported for the purposes mentioned above. If the notification requirement is applicable, you should inform us or the authorities or both in good time.

We dispatch our seeds with the reservation that they will not be used by third parties in conflict with the law.

Royal Queen Seeds does not wish to induce anyone to act in conflict with the law. We expressly point out that all those who purchase seeds are responsible for their actions in the future. Royal Queen Seeds will not accept any product-liability.

Prices are subject to change.

We thank Andre Beckers (among others) for this disclaimer.
